Frequently Asked Questions - NHCA At-Home Plan Answers

Will the Heartland Christian Conference Bible and Academic Competition still be held?

The Heartland Christian Conference Bible and Academic Competition has been canceled due to public health concerns and to prevent any delayed competition dates from occurring during testing weeks near the end of the school year.

Should students complete their HCC Competition non-performance project despite the competition being canceled?

When and if classes resume we will have a 4th - 8th grade student assembly to discuss allowing all 4th - 8th grade students the ability to complete a non-performance project for extra credit, if time allows in the academic calendar. The goal is to recognize and honor the efforts of students who have already completed their non-performance projects, while also giving students who were only doing performance events the ability to earn extra credit in the fourth academic quarter by completing a non-performance project.
